There are the steps to apply for a nonimmigrant visa at any U.S. Mission in Canada.

1. Complete a DS-160 application form online at <https://ceac.state.gov/genniv>. Please be sure to print out your confirmation page with barcode before exiting this program.
2. Create your appointment profile; select your Canada Post pickup location; pay your non-refundable visa application fee **and** schedule your visa interview appointment at <https://ais.usvisa-info.com/en-CA/niv/>. After you have successfully scheduled your visa appointment you will automatically receive an e-mail providing you with your confirmation (appointment) letter. Please note if you are renewing your visa which expired less than 12 months ago, and if found eligible for an interview waiver, you will be provided instructions on how to mail your passport and required documents to the Consulate.
3. On the day of your interview you need to bring the following required documents to the Consulate:
 - Your visa appointment confirmation page
 - Your valid passport
 - Your DS-160 confirmation page
 - A passport size and quality [photo](#)
 - Proof of your current immigration status in Canada
 - Any document listed on your appointment confirmation page that is pertinent to the type of visa for which you are applying.
4. If your application is successful you will receive your passport in the mail within 3 – 5 business days after your interview. Please plan accordingly.

Please be aware that requests for an expedited appointment are no longer submitted by email to the Consulate. Once you have secured an appointment you may then submit your request for an expedited appointment by selecting the "Request Expedite" link on the "Application Summary Page" and follow the instructions.
